Azoxystrobin+Chlorothalonil 7%+66.7% SC

## 1. Identification

|                   |                                         |
|-------------------|-----------------------------------------|
| Product           | Azoxystrobin+Chlorothalonil 7%+66.7% SC |
| Category          | Pesticides                              |
| Active Ingredient | Combined AI 73.7%%                      |
| Formulation       | SC Formulation                          |
| CAS Number        | Various                                 |
| Formula           | Various                                 |
| Grade             | Agricultural Grade                      |
| Standard          | FCO / ISO 17025:2017                    |

## 2. Description

Azoxystrobin+Chlorothalonil 7%+66.7% SC — professional-grade agricultural input.

## 3. Dosage & Application

|             |                                                                     |
|-------------|---------------------------------------------------------------------|
| Foliar      | Foliar: 2 ml/L                                                      |
| Application | Foliar spray, soil drench, fertigation, seed treatment as per label |

## 4. Storage & Packaging

|               |                                                                              |
|---------------|------------------------------------------------------------------------------|
| Shelf Life    | 2-3 years                                                                    |
| Storage       | Store 5-40°C                                                                 |
| Packaging     | 100ml-5L (liquids) / 100g-25kg (solids) — custom available                   |
| Compatibility | Compatible with most AIs. Jar test before tank mix. Avoid strongly alkaline. |

Follow all label directions. User responsible for compliance.
