## Cyantraniliprole 10.26% OD

### 1. Identification

|                   |                                                                   |
|-------------------|-------------------------------------------------------------------|
| Product           | Cyantraniliprole 10.26% OD                                        |
| Category          | Pesticides                                                        |
| Active Ingredient | Cyantraniliprole 10.26%                                           |
| Formulation       | OD Formulation                                                    |
| CAS Number        | 736994-63-1                                                       |
| Formula           | C <sub>22</sub> H <sub>19</sub> BrClN <sub>2</sub> O <sub>2</sub> |
| Grade             | Agricultural Grade                                                |
| Standard          | FCO / ISO 17025:2017                                              |

### 2. Description

Cyantraniliprole 10.26% OD — professional-grade agricultural input.

### 3. Dosage & Application

|             |                                                                     |
|-------------|---------------------------------------------------------------------|
| Foliar      | Foliar: 0.5-0.75 ml/L                                               |
| Application | Foliar spray, soil drench, fertigation, seed treatment as per label |

### 4. Storage & Packaging

|               |                                                                              |
|---------------|------------------------------------------------------------------------------|
| Shelf Life    | 2-3 years                                                                    |
| Storage       | Store 5-40°C                                                                 |
| Packaging     | 100ml-5L (liquids) / 100g-25kg (solids) — custom available                   |
| Compatibility | Compatible with most AIs. Jar test before tank mix. Avoid strongly alkaline. |

Follow all label directions. User responsible for compliance.
