## Glufosinate-ammonium 200 SL Export

### 1. Identification

|                   |                                    |
|-------------------|------------------------------------|
| Product           | Glufosinate-ammonium 200 SL Export |
| Category          | Export Grade Products              |
| Active Ingredient | Glufosinate                        |
| Formulation       | EC/WP/SC/WG                        |
| CAS Number        | 77182-82-2                         |
| Formula           | C5H15N2O4P                         |
| Grade             | Agricultural Grade                 |
| Standard          | FCO / ISO 17025:2017               |

### 2. Description

Glufosinate-ammonium 200 SL Export — professional-grade agricultural input.

### 3. Dosage & Application

|             |                                                                     |
|-------------|---------------------------------------------------------------------|
| Export      | Bulk supply. FOB Mumbai.                                            |
| Application | Foliar spray, soil drench, fertigation, seed treatment as per label |

### 4. Storage & Packaging

|               |                                                                              |
|---------------|------------------------------------------------------------------------------|
| Shelf Life    | 2-3 years                                                                    |
| Storage       | Store 5-40°C                                                                 |
| Packaging     | 100ml-5L (liquids) / 100g-25kg (solids) — custom available                   |
| Compatibility | Compatible with most AIs. Jar test before tank mix. Avoid strongly alkaline. |

Follow all label directions. User responsible for compliance.
