## Lime Hydrated 70% Ca(OH)<sub>2</sub>

### 1. Identification

|                   |                                       |
|-------------------|---------------------------------------|
| Product           | Lime Hydrated 70% Ca(OH) <sub>2</sub> |
| Category          | Soil Amendments                       |
| Active Ingredient | Ca(OH) <sub>2</sub> : Min. 70%        |
| Formulation       | Granule/Powder/Liquid                 |
| CAS Number        | Ca(OH) <sub>2</sub>                   |
| Formula           | 1305-62-0                             |
| Grade             | Agricultural Grade                    |
| Standard          | FCO / ISO 17025:2017                  |

### 2. Description

Lime Hydrated 70% Ca(OH)<sub>2</sub> — professional-grade agricultural input.

### 3. Dosage & Application

|             |                                                                     |
|-------------|---------------------------------------------------------------------|
| Soil        | 50-200 kg/acre or as per soil test                                  |
| Application | Foliar spray, soil drench, fertigation, seed treatment as per label |

### 4. Storage & Packaging

|               |                                                                              |
|---------------|------------------------------------------------------------------------------|
| Shelf Life    | 2-3 years                                                                    |
| Storage       | Store 5-40°C                                                                 |
| Packaging     | 100ml-5L (liquids) / 100g-25kg (solids) — custom available                   |
| Compatibility | Compatible with most AIs. Jar test before tank mix. Avoid strongly alkaline. |

Follow all label directions. User responsible for compliance.
